

# JBA HEADERS – Application Guide

## Hummer Trucks

Use this guide to find the JBA Headers that are offered for your vehicle. *Click on the part number and you will be redirected to a new page that contains informative product details and pricing.* Please read the comments and notes carefully to make sure you are selecting the correct product. Note keys are on the last page of this guide. If you have any questions, you may contact us using the Live Support link on our website or by phone at (775) 746-4887.

### HUMMER TRUCKS

#### HUMMER H2/SUT

YEAR	ENGINE	DESCRIPTION	TUBE SIZE	NOTES	OTHER	STAINLESS	SILVER CERAMIC	HIGH HEAT CERAMIC
03-06	6.0L	All	1 5/8"	16	-----	<a href="#">1850S-3</a>	<a href="#">1850S-3JS</a>	<a href="#">1850S-3JT</a>

Don't forget to also checkout the **JBA Power Cables**. These are pre-cut and assembled premium plug wire sets that are specific for your vehicle. We have created a page with details, information, and built a JBA Power Cable Application Guide to make finding your application easy.

JBA also manufactures premium performance exhaust kits for variety of car and truck applications. Available in durable Stainless Steel or cost conscious Aluminized materials, the **JBA Exhaust Kits** make power and sound good too.

More information on both of these products is available in the [JBA section](#) of the [Century Performance Center](#) website, along with technical articles, troubleshooting, and more. We have application guides for other vehicles too, including Ford, Chrysler, Jeep, Lincoln, Hummer, Mazda, Nissan, and Toyota.

#### **NOTES:**

1	'67-73 vehicles standard trans. May require Z-Bar modification or order the JBA Z-BAR Kit, part # <a href="#">1650Z</a> for proper fit
2	Bolts into factory Y-Pipe with '85 GT Mustang heat riser valve
3	Installation requires modification of exhaust system
4	Requires Y-Pipe
5	-----
6	Use big block flapper valve for smog-legal applications
7	Will NOT fit lifted vehicles
8	Y-Pipe is routed over transmission cross member for E4OD trans
9	Y-Pipe is routed under transmission cross member for C6 trans
10	Spark plug boots are changed from stock
11	Aftermarket "X" or "H" pipes may fit better if used with part # <a href="#">1625S-8</a>
12	May require relocation of brake and/or fuel lines
13	Automatic transmission only
14	Part # <a href="#">0850</a> = 11.5" total length; part # <a href="#">0807</a> = 9.5" total length
15	-----
16	Direct replacement for factory manifold, installation hardware kit included
17	Complete header and Y-pipe or down pipe system, installation hardware included
18	Installation hardware included
19	C.A.R.B. certification pending, complies with all emissions equipment
20	JBA Ramhorn® Header Cat4Ward® Shorty
21	Direct replacement, use with JBA headers or original manifolds
22	For off-road use only. This product is not emissions legal
23	Optional Y-Pipe for 88-93 4.3L/5.0L 2WD/4WD automatic transmission 2-1/4", 2-1/2" cat inlet part # <a href="#">2840Y</a>
24	Optional Y-Pipe for 88-93 4.3L/5.0L 4WD automatic transmission 2-1/4", 2-1/2" cat inlet part # <a href="#">2841Y</a>
25	Optional Y-Pipe for 88-93 4.3L/5.0L 2WD manual transmission 2-1/4", 2-1/2" cat inlet part # <a href="#">2841Y</a>
26	Optional Y-Pipe for 88-93 5.7L 2WD automatic transmission 2-1/4", 3" cat inlet part # <a href="#">2830Y</a>

27	Optional Y-Pipe for 88-93 5.7L 4WD automatic transmission 2-1/4", 3" cat inlet part #2831Y
28	Optional Y-Pipe for 88-93 5.7L 2WD automatic transmission 2-1/4", 3" cat inlet part #2831Y
29	Optional Y-Pipe for 96-99 3.9L/5.2L/5.9L 2WD/4WD automatic transmission 2", part #2945Y
29.5	Optional Y-Pipe for 5.9L RT 2WD automatic transmission 2", part #2946Y
30	Will NOT fit HD vehicles
31	Fits vehicles with single inlet muffler
32	Not for RT
33	Due to variation in stock motor mounts, some material may have to be removed for clearance
34	Optional flex pipe for 00-02 2.0L 4V (2-1/2" inlet, 2-1/4" outlet) for use with #6680 long tube header, part #6680F
35	Optional high-flow y-pipe for 00-02 Tundra 4.7L 2" (part #2010SY); for 2003 Tundra 4.7L 2" (part #2010SY-1)
36	-----
37	JBA power steering brace required for proper clearance on vehicles equipped with factory style power steering ... CALL
38	For manual transmission applications these headers require standard 289/302 Z-Bar part #C5ZZ-7528-E or equivalent
39	Will NOT fit standard 390 cylinder head. Head flange is designed for 14-bolt 390 GT cylinder head ONLY
40	Use a 2-1/4" secondary Tri-Y design
41	Fits most rack and pinion conversions
42	Fits manual steering. Requires JBA power steering ram drop bracket #6656P for use with factory power steering
43	Not designed for 5-speed transmission applications
44	Reproduction upper A-Arm mounting studs may need to be clearanced. Shorten as required
45	Collector is angled for transmission clearance
46	Applications with AOD requires JBA transmission cross member or equivalent. 65-66 use #1753; 67-70 use #1754
47	Emergency brake pivot bracket must be relocated
48	Fits 5-speed w/JBA cross member or equivalent. For 65-66 use #1752; for 67-70 use #1751
49	Will NOT fit factory power steering. Manual steering ONLY
50	Also fits aluminum FE Shelby block
51	May require modification to EGR tube
52	For vehicles with "Cool Sports" Tune 4.0L
53	Requires 14" long 2-1/2" offset/center muffler
54	Matching H-Pipe or X-Pipe available
55	Original Y-Pipe for 2003 Ram 5.7L Hemi part #2963Y – Optional Y-pipe for 2004 Ram 5.7L Hemi part #2964Y
56	For use with JBA headers only
